

Special Features:

- ✓ Vertical Broiler (Gyro)
- ✓ Heavy Duty Motors
- ✓ Individually Controlled Infrared Burners
- ✓ Stainless Steel Heat Shield on Both Sides
- ✓ 3/4" NPT Rear Gas Connection
- ✓ Distance Between Cooking Spit & Burners can be Adjusted
- ✓ Continuous Pilot for Instant Ignition of Main Burner
- ✓ Stainless Steel Oil Collection Pan
- ✓ Designed for High Performance & Consistent Results
- ✓ Convertible Gas Compatibility Between Natural Gas & Liquid Propane
- ✓ Stainless Steel Structure
- ✓ Tested and conforms to NSF/ANSI Std. 4

Product Description:

The Empura EGVB-65 is a commercial vertical broiler ideal for gyro, shawarma, and doner meat. It features a durable stainless-steel build, and has individually controlled infrared burners (9,500BTU for natural gas / 8,000BTU for propane). The adjustable spit-to-burner distance allows precise cooking, and a continuous pilot ensures quick ignition. It includes a stainless-steel oil collector, heat shields, and a 3/4" NPT rear gas line for easy natural gas or LPG conversion. The unit is ETL, cETLus, and NSF-4 certified for commercial use.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Gas Vertical Broilers:

Empura gas vertical broilers are heavy-duty cooking units ideal for preparing gyros, shawarma, kebabs, tacos al pastor & more. They feature powerful infrared burners with individual controls, a rotating vertical skewer for even cooking, and adjustable burner proximity for precision. Built with durable stainless steel and continuous pilot ignition, these broilers are easy to operate and maintain. Available in various capacities, they suit a range of kitchen needs and are certified for commercial use.
