Product Description:

The Empura E-KB24T is a 25-inch, commercial reach-in freezer with a 16.3 cu ft storage capacity. It features a single solid swing door, stainless steel exterior, and a digital control system. The unit is powered by a top-mounted compressor, maintains temperatures -10 °F, and uses an environmentally friendly HC refrigerant with CFC-free foam insulation.

About Empura Reach-In Freezers:

Empura reach-in freezers deliver reliable, efficient cold storage for busy commercial kitchens. Built with durable stainless steel and stable low-temperature performance, they keep ingredients safely frozen during demanding shifts. Adjustable shelving, tight door gaskets, and simple digital controls ensure consistent operation and flexible storage. With energy-efficient components and eco-friendly refrigerants, Empura freezers offer dependable performance and long-term value for foodservice operations.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
