

Special Features:

- ✓ 2 drawers
- ✓ 52"W x 31.9"D x 26.8"H
- ✓ 6.1 cu. ft. capacity
- ✓ Pan size: 12" x 20" x 6"
- ✓ 880 lbs max capacity
- ✓ 1/5 HP right side compressor
- ✓ R290 CFC-free refrigerant
- ✓ Auto electric defrost, LED temperature display
- ✓ Stainless steel exterior and interior
- ✓ Self-contained refrigeration system
- ✓ Magnetic drawer gasket
- ✓ ETL, ETL Sanitation
- ✓ Tested and conforms to NSF-7 Standard

Product Description:

The Empura E-KCBRC52 is a heavy-duty refrigerated equipment stand designed to maximize vertical efficiency in mid-sized commercial kitchens. With a 52-inch width, this unit is perfectly sized to support a standard 48" griddle or range (or a combination of smaller appliances) while providing a robust, heat-shielded foundation. By combining a reinforced stainless steel top with two refrigerated drawers, it keeps fresh proteins and produce instantly accessible beneath the hot line, streamlining workflow and reducing traffic to the walk-in.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Chef Base Refrigerators:

Empura Refrigerated Commercial Chef Bases serve as the foundational anchor for high-performance commercial cook lines. Engineered to act as both a heavy-duty equipment stand and a refrigerated storage solution, these units allow operators to stack griddles, charbroilers, and fryers directly on top of their cold ingredients. By positioning proteins and produce immediately below the cooking surface, the E-KCBRC Series eliminates wasted motion, streamlines workflow, and ensures safe holding temperatures.

TECHNICAL SPECS

Dimensions

Exterior Width	52"
Exterior Depth	31.9"
Exterior Height	26.8"
Interior Width	43.5"
Interior Depth	29.8"
Interior Height	18.1"
Storage Capacity	6.1 Ft. ³
Pan Size Accomodated	12"x20"x6"
Top Thickness	0.03"
Power Cord Length	110"
Casters	4"

Refrigeration

Refrigerant	R290
Temperature Range	33-41 °F
Compressor Horsepower	1/5 HP
CFC Free	Yes
Defrost Cycle	Auto
BTU (LBP)	900 BTU/h
Compressor Location	Right Side Mounted

Construction

Display / Control Type	Digital
Insulation	C5H10 Foam
Construction Materials	Stainless Steel
Number of Drawers	2
Drawer Capacity	132 lbs.
Top Capacity	1053 lbs.
Max Weight Capacity	880 lbs.
Base Style	Foamed Top
Installation	Freestanding

Electrical

V / HZ / Ph	115V/60Hz/1Ph
Amps	2.1 Amps
Plug Type	NEMA 5-15P
Power Cord	Included

Shipping

Ship Weight	253 lbs.
