

Special Features:

- ✓ 2 half solid, self-closing swing doors
- ✓ 26-3/4"W x 32-11/16"D x 82-5/16"H
- ✓ 23 cu. ft. capacity
- ✓ -10°F to -0°F temperature range
- ✓ Electronic thermostat and digital LED temperature display
- ✓ HC refrigerant
- ✓ CFC-free refrigerant and foam
- ✓ Magnetic gasket replaceable without tools
- ✓ Concealed heating element
- ✓ Stainless steel exterior, and aluminum painted interior with stainless steel bottom
- ✓ ETL, ETL Sanitation
- ✓ Tested and conforms to NSF-7 Standards

Product Description:

The Empura E-KB27FH is an energy-efficient reach-in freezer designed for busy commercial kitchens where temperature stability is paramount. This model features two half-height solid stainless steel doors. This smart "split-door" design allows chefs to access only the top or bottom section as needed, reducing cold air loss by up to 50%. This is critical for freezers, as it helps prevent temperature spikes and minimizes frost buildup on the evaporator. With a durable stainless steel exterior and a powerful bottom-mounted compressor, it delivers reliable deep-freeze performance in a compact footprint.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Reach-In Freezers:

Empura glass door merchandiser refrigerators are a smart, budget-friendly solution for upgrading or expanding your refrigerated merchandising equipment. Built for durability, these units feature locking, self-closing doors, a user-friendly digital display, generous storage capacity, and brilliant interior lighting. Designed for reliability, they ensure your products are always secure and maintained at the perfect temperature—making them a trusted choice for business owners who value performance and peace of mind.

TECHNICAL SPECS

Dimensions
