Product Description:

The Empura E-KBB70-2-27-S is a high-capacity, heavy-duty refrigeration solution designed for bustling bars, clubs, and hospitality venues. Featuring a robust stainless steel exterior and two solid stainless steel doors, this unit is built to withstand the demands of a commercial environment while maintaining a sleek, professional appearance. The solid door design offers superior insulation and hides inventory from view, making it ideal for storing kegs, backup cases, and mixers that do not need to be displayed to the customer.

About Empura Back Bar Coolers:

The Empura KBB Back Bar Coolers are designed to keep beverages perfectly chilled and easily accessible in bars, restaurants, and event spaces. Featuring a sleek, durable design with glass or solid doors, these coolers provide ample storage for bottles and cans while maintaining consistent temperatures. With adjustable shelving and easy-to-clean interiors, Empura KBB Back Bar Coolers are a reliable and stylish addition to any beverage service area.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
