PS-IRME-XX96

Premium In-Line Merchandiser Enclosure

PS-IRME-3196

PS-IRME-4996

PS-IRME-6196

Description:

The IRME, In-Line Refrigerated Merchandiser Enclosure, a 96" tall with a 16" header panel. The IRME features 3" thick sidewalls with sturdy plywood frame construction, and LED light located inside the header. This merchandiser enclosure accommodates a commercial refrigerator or other Micro-Market fixtures inside the enclosure. This a great unit to create a visually appealing, clean merchandising area.

Premium In-Line Series Fixture

A 96" tall refrigerator enclosure

Order Process:

- Send PO or equivalent to Axis Sales Representative
- Determine payment method and terms (credit card, wire transfer, check)
- Receive acknowledgement and estimated ship date from Axis Designs
