POS-SSM-XX32

Point of Sale Single Sided Merchandiser

POS-SSM-4632

Description:

The POS-SSM, Point of Sale Single Sided Merchandiser, is 34" tall. The POS-SSM features a laminate countertop with a cord pass through cover with a plastic grommet and cap, a merchandising base with slat wall for ease of displaying product, a conceal cabinet for quick access restocking that has a keyed lock and euro-style self closing, concealed hinges on the door. Optional accessories include a quartz countertop, laminated toe kick to cover legs or optional rolling casters in place of the legs. The POS-SSM ships fully assembled.

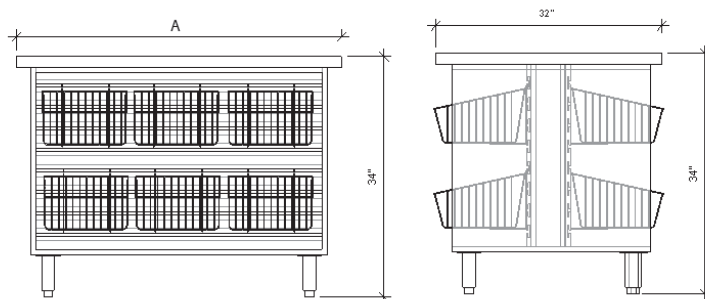

Point of Sale

A 34" tall single-sided cash register station with merchandiser base

Order Process:

- Send PO or equivalent to Axis Sales Representative
- Determine payment method and terms (credit card, wire transfer, check)
- Receive acknowledgement and estimated ship date from Axis Designs
