

Dutchess

FOODSERVICE EQUIPMENT

Family owned and operated since 1886.

ISO 9001:2015 COMPLIANT

The Dutchess DUT/BMDD Floor Model Electric Automatic Dough Divider Rounder Combinations are composed of one dough divider and one dough rounder and are made to be completely automatic. They prepare, round, and perfectly close dough portions of different weights with ease, saving time and labor. These machines are extremely easy to disassemble and to clean. This machine is manufactured according to sanitary and safety norms.

- Constructed of High-Quality Stainless Steel
- Saves Time and Labor with its Automaticity
- New Photocell Sensor Measuring Technology for Precision Cutting. The Dough Ball Rounder processes each portion 50 times to ensure they come out round and perfectly closed, without causing any strain to the dough.
- All models of Dough Hopper hold up to 44 Liters of Dough.
- Rounding Range: 70 to 1,200 grams
