Notes & Details

The nacho cheese warmer is made from high-quality stainless steel, offering durability and resistance to rust and corrosion. It features adjustable temperature control, with two heating methods—water insulation and dry heat—allowing you to warm sauces, nacho cheese, chocolate, and more between 105-195°F. With space for up to four 32oz bottles (not included), it's perfect for restaurants, snack shops, and events. Its compact design makes it easy to use for off-site catering, while the smooth stainless steel surface ensures easy cleaning and maintenance.
