Notes & Details

The Hakka 30 Qt commercial mixer is a versatile and durable kitchen appliance designed for a variety of commercial applications. With a powerful 1500W motor and gear-driven transmission, this mixer offers three adjustable speeds (125, 225, and 404 RPM) to handle different mixing tasks efficiently. Made from food-grade stainless steel, the 30 Qt bowl is large enough to meet various mixing needs and is easy to clean. The mixer includes a stainless steel wire whip, flat beater, and dough hook, making it suitable for mixing dough, pastry, mashed vegetables, and more. For safety, it features a guard to protect large items from falling into the bowl and independent START/STOP buttons. ETL-approved, this mixer is an ideal choice for bakeries, restaurants, pizzerias, commercial kitchens, and canteens.
