Specifications

CHCB-24 Model Chef's Cabinets are constructed from 18GA type 304 S/S, 84" high with sloped top (flat top available). Unit comes with (6) fixed shelves, (1) lockable drawer & (3) lockable top compartments.

Unit also includes a clothes/coat hanger (16GA S/S 1 $\frac{5}{8}$ " round tubing) plus a removable shoe rack (19 $\frac{1}{2}$ " x 21" - 18GA S/S $\frac{3}{8}$ " rods) with scrap tray (18GA S/S).

(3) hinged double pan doors with locks & pull handles are provided. $\frac{3}{8}$ " x 6" louvers can be found on the shoe rack side for added air circulation.

Overall size of the cabinet is 45"W x 24"D x 84"H. Levelers are placed on the bottom of the cabinet for easy leveling & stability.

Keys are keyed alike. Keys can be "keyed differently" upon request.

Cabinets are polished smooth to a brush satin finish.

Product Guide

CHCB-24 Chef's Cabinets are an ideal substitute for a personal closet suitable for adding valuable storage space in your commercial facility.

Three lockable compartments provides convenient storage for bags and other personal items while the coat rack is perfect for jackets, uniforms, scarves, and other clothing items.

A removable shoe rack with scrap tray allows you to set your footwear down while the tray collects excess water or debris.

A lockable drawer is also handy for storing your most important possessions.
