Features

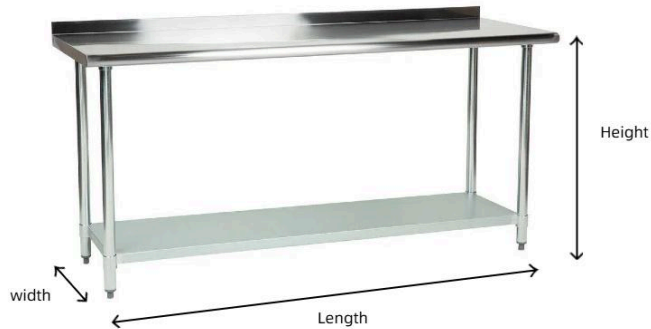

- **Durable & High-Quality:** Made from heavy-duty 18 Gauge 430 stainless steel, this work table is built to last and withstand daily commercial and residential use.
- **Food Safety Certified:** NSF certified, meeting strict health standards for safe food preparation. Easy to clean and sterilize with no risk of contamination.
- **Space-Saving Design:** Features a galvanized undershelf for additional vertical storage, perfect for organizing frequently used items like bowls, towels, and cleaning supplies.
- **Corrosion Resistant:** Designed with corrosion-resistant materials to handle both food and liquid without compromising the surface integrity.
- **Versatile Storage:** Ideal for storing kitchen equipment, office supplies, or ingredients, offering practical storage solutions in both commercial and residential settings.

Notes & Details

When using this work table, ensure that it is placed on a flat, level surface to maintain stability. Avoid exceeding the recommended weight capacity of the table and undershelf to prevent damage or instability. Regularly clean the stainless steel surface with a mild, non-abrasive cleaner to preserve its appearance and hygiene. Be mindful of the 2" rear upturn, which helps contain spills, but take care when placing or removing items to avoid injury. The galvanized undershelf provides additional storage space, so organize frequently used items carefully to ensure easy access. Always check for any loose parts or wear on the table's components to ensure safe and efficient use.
