SQ Grid Style Grating

Specifications

FMT Flush Mounted Floor Troughs are constructed of 16GA 18-8 type 300 series stainless steel, fully welded one-piece, ground and polished to a brush satin finish.

Troughs with integrated safety ramp and mounting flange, are fitted with a stainless steel 4" OD tail piece for up to 3" waste. Overall height shall be 1¼" including shoulder for grating.

Model FMT grating shall be 18-8 type 300 series stainless steel bars with stainless steel rods welded on 1½" centers. Use high-temperature, non-drying, food-grade sealant to attach to the finished floor.

Product Guide

IMC Floor Troughs are specially designed to provide sanitary care-free use - to permit quick, efficient and thorough cleaning.

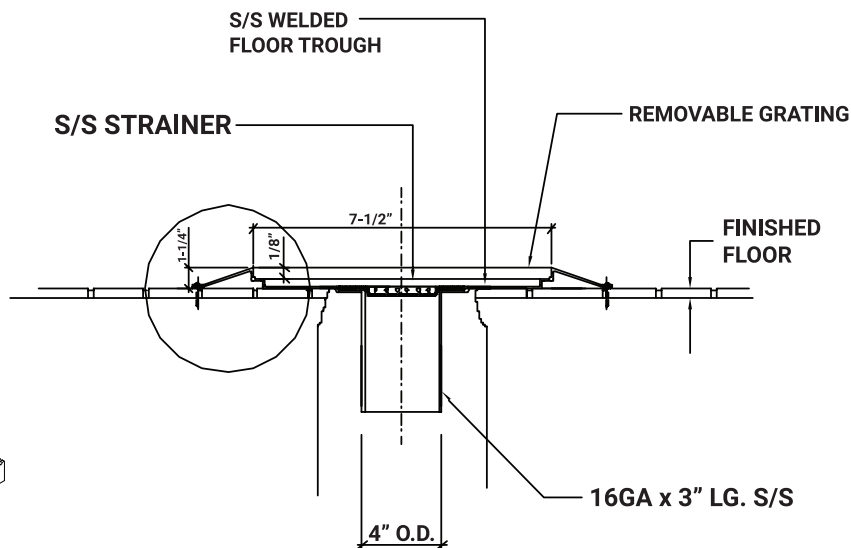

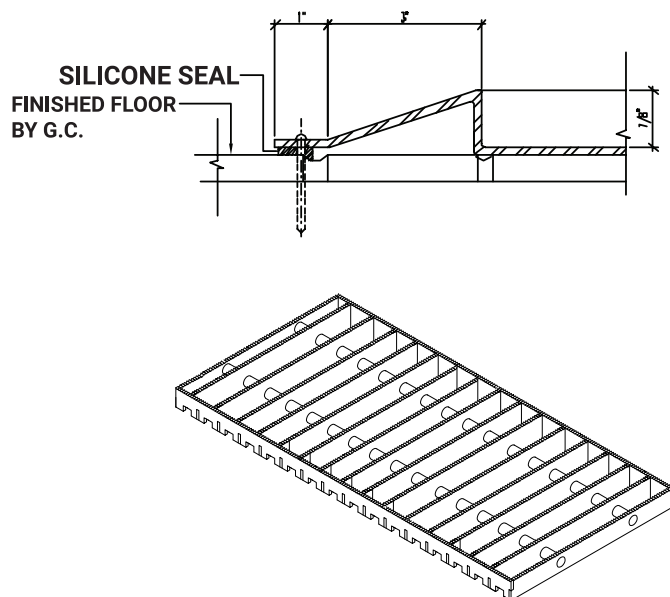

The FMT trough mounts directly over finished floor and is particularly suitable for use in low volume liquid waste removal areas of a kitchen such as directly below an ice machine, beverage table, pot sink, or walk in refrigerator.

Installation is simply accomplished by connecting the trough waste outlet through a cored hole to the plumbers waste pipe. Seal to the floor with high temperature, non-drying food grade sealant. If more secure installation is desired, specify the Correctional Package with tamper-proof screws.

Options*

- ☐ **DOD** - 3", 3½", 5", 6", 8" OD Tube (circle one)
- ☐ **WTO** - Waste Tube over 3" Long
- ☐ **AW** - Additional Wastes
- ☐ **BH** - Beehive Strainers (Each)
- ☐ **OCW** - Off Center Waste (Each)
- ☐ **OWT** - Oversize Waste Tube
- ☐ **ROD** - Rim on Drain
- ☐ **BSPC** - Basket Strainer w/ Handle & Chain
- ☐ **GA-12** - 12GA Upgrade
