

SafeHands™ Mandolins

Patented SafeHands™ food holder protects user's hands and fingers better than any mandolin in the industry. Safely and completely keeps hands and fingers away from razor-sharp slicing blades.

FEATURES

- Includes seven interchangeable stainless steel blades in convenient storage box.
- 301 Stainless Steel Straight Slicing Blade which is ideal for slicing various thicknesses of tomatoes, potatoes, carrots, cucumbers, apples, etc.
- Five (5) Stainless Steel Julienne Blades (2mm, 4mm, 6mm, 8mm, 10mm) which are ideal for slicing carrots, potatoes, cucumbers, etc.
- Slip resistant legs fold flat for compact storage.
- Easy to Clean and Dishwasher Safe - top rack only.
- Dial-A-Slice™ thickness system allows user to select from different slice thicknesses with a turn of a dial (200421 only).

Available in 2 convenient configurations:
