

SAFETY SHIELDS WITH FRAMES

FOR ACTION STATIONS

Shields (shown below) feature a metal frame with an acrylic shell to provide added stability and increased durability.

- Can be disassembled for cleaning
- Integrated venting helps keep induction cook-top cool during use
- Frame available in black or random swirl pattern

PROMOTING SAFE SERVICE

Our **Safety Shields** are designed to promote **social distancing** and **safer food practices** without compromising the **customer experience**.

Both shield options feature integrated vents to allow air to circulate freely to keep butane stove or induction cooktop fans cool.

The CWACT2SHIELD works with the Double Butane Station (CWACTION5) shown above or other modular Action Station items. Made to order tabletops are also available in stainless steel and aluminum, see pages 64-65 for details.

SAFETY SHIELD PARTITIONS FOR ACTION STATIONS

Our simple acrylic shields (shown to the left) can be used to protect servers and patrons during cooking and serving.

- Lightweight, easy to assemble and disassemble
- Light assembly, no hardware required
- Integrated venting helps keep induction cook-top cool during use
- Can also be used with other modular action station units such as single butane station (CWACTION6_) see product on page 61

Two Frame
Finish Options
