Product Description:

The Empura E-UCH240 Ice Machine is a reliable undercounter unit designed to produce up to 240 pounds of half-cube ice daily. Its durable stainless steel exterior and spacious 99-pound bin storage make it both stylish and practical. Operating at under 70 dB, it ensures a quiet environment while using eco-friendly R290 refrigerant and just 12.3 gallons of water per 100 pounds of ice. Compact, energy-efficient, and ETL-certified, this ice machine is a versatile and dependable choice for commercial kitchens and bars.

About Empura Undercounter Ice Machines:

The Empura UCF & UCH Series Undercounter Ice Machines are compact and efficient, making them ideal for restaurants, bars, and cafes with limited space. These machines produce a steady supply of high-quality ice. Featuring a durable stainless steel exterior and user-friendly controls, they are designed for reliability and ease of use. With a built-in storage bin and efficient cooling system, Empura ice machines ensure consistent performance while maximizing convenience in any commercial setting.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
