## Product Description:

The Empura E-UCH280 Ice Machine delivers up to 280 pounds of half-cube ice daily, perfect for high-demand commercial environments. Its sleek stainless steel exterior and 77-pound storage bin ensure durability and convenience. Operating quietly at under 70 dB, it's eco-friendly and efficient, using R290 refrigerant and just 12.5 gallons of water per 100 pounds of ice. Compact and ETL-certified, this reliable undercounter unit is an excellent choice for busy kitchens and bars.

## About Empura Undercounter Ice Machines:

The Empura UCF & UCH Series Undercounter Ice Machines are compact and efficient, making them ideal for restaurants, bars, and cafes with limited space. These machines produce a steady supply of high-quality ice. Featuring a durable stainless steel exterior and user-friendly controls, they are designed for reliability and ease of use. With a built-in storage bin and efficient cooling system, Empura ice machines ensure consistent performance while maximizing convenience in any commercial setting.

**Intended For Commercial Use Only.** Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.
